

Welcome to our Readers!

ParisTech launches this bi-monthly 2-pages newsletter to provide our academic and industrial partners with "what's going on" information about activities, events and latest news from our office in China and/or related to it.

By targeting all the actors of ParisTech Sino-French network, students, academic staff, researchers, managers from universities and private companies, we hope that this tool will reinforce not only ParisTech identity in China, but also will participate to the developments of cooperation and exchanges between France and China.

EDUCATION

ParisTech Delegation for Exchanges

From October 26 to November 5, the office of ParisTech in China warmly welcomed the 9 representatives of ParisTech involved in Education Programs with our partner universities.

During 10 days, this delegation made a tour from Shanghai (Tongji U, Fudan U, SJTU), to Nanjing (Nanjing U, South East U, NAU), and Beijing (Tsinghua U, Beijing U, CAU), and for the first time this year in Hangzhou (Zhejiang U), to meet students, academic and administrative representatives.

This delegation promoted ParisTech educational programs, held talks on developments of existing programs of cooperation and on opportunities to enlarge mobility of students to ParisTech *Grandes Ecoles*. In partnership with local universities, its members organized the 2011 "P 50i" session, i-e the recruitment selection of talented students to engineering studies, starting September 2012, in ParisTech *Grandes Ecoles*.

ParisTech International Welcome Day

On last October 18, ParisTech organized in Paris a Welcome Party for all its new international students. Around 40 Chinese students enjoyed the party. Dr. YU Guoshen, a Fudan and ParisTech Alumni gave a talk about his wonderful experience in ParisTech. Dr. YU obtained his Engineer Degree from Télécom ParisTech and his PhD degree from Ecole Polytechnique. He was selected among 550 PhD students in ParisTech to be awarded the ParisTech Excellent PhD Thesis Prize in 2010

Delegation of ParisTech meets SJTU

On November 7, a delegation of ParisTech headed by Yves Demay, Director of ENSTA ParisTech and President of the ParisTech International Commission, was welcomed by Prof. Ma Dexin, Chairperson of SJTU. They discussed about a project of joint education between SJTU and ParisTech.

China EU- Institute for Clean and Renewable Energy (ICARE)

In the frame of this EU-China project led by ParisTech, the China-EU institute for Clean and Renewable Energy, located at the premise of Huazhong University of Science and

Technology, in Wuhan, opened in October its second training courses to 87 Chinese students enrolled in the two-year Master programme.

Annual Meeting of IFCIM (Institut Franco-Chinois d'ingénierie et de Management)

The Supervisory Board of this not-for-profit educational institute, dedicated to training engineers/managers and jointly operated by Tongji University, Ecole des Ponts ParisTech and ParisTech, is going to have its annual meeting on November 22, in Ecole des Ponts Campus, at Marne-La-Vallée, in France.

RESEARCH

From October 24 to October 26, ParisTech and Shanghai Jiaotong University launched together "SJTU-ParisTech seminar on Mechanics". The ParisTech delegation gathered 5 professors coming from Ecole Polytechnique, Mines ParisTech, ENSTA ParisTech and Arts et Métiers ParisTech, who worked with their Chinese counterparts in order to built research cooperation in the domain of Mechanics.

ALUMNI

On October 27, the association of Alumni of ParisTech, in collaboration with the office of ParisTech in China, organized in Shanghai, the ParisTech alumni event diner that gathered more than 100 Chinese alumni coming from all the ParisTech *Grandes Ecoles*.

This event was the occasion to introduce the new representative of the ParisTech Alumni in China, M.GUAN Hao, Alumni from Ponts ParisTech and HEC. During the diner, new ideas to develop ParisTech network in China emerged. We are looking for the next event to be organized soon!

PARISTECH Business Partnership

Partnership with French Companies in China

During its 4-day visit, the delegation of ParisTech headed by Yves Demay met top-level managers from Safran, Saint-Gobain, Air Liquide, PSA, Bureau Veritas and Schneider, to discuss about joint initiatives to support training and research collaborations.

Schobrunn: First sponsor of ParisTech Office in China

In order to show its support to the program « ParisTech overseas campus in China » the Chinese company Schobrunn generously became the first sponsor of ParisTech office in Shanghai. Thanks to its financial support, our office has the benefit from further means to set up activities for the development of educational and research cooperations with Chinese universities, and for the development of French and European educational and scientific system in China.
